

WATCH AND OBSERVE – BIRDS ARE IN NATURE!

More information:

BIRDS CAN BE FOUND EVERYWHERE IN NATURE!

Here are some particularly suitable birdwatching spots in the **DIENVIDKURZEME REGION**, Latvia:

Nida Village Beach 56.09463, 21.05669
Pape Nature Park 56.150389, 21.030820
Jūrmalciems 56.30131, 20.98554
Lake Liepāja 56.475728, 21.009653
Ziemupe 56.74467, 21.0613
Pāvilosta 56.889466, 21.171312
Lake Durbe 56.597861, 21.343811

BIRDWATCHING TIPS:

- Respect the bird nesting season
- Use a telescope or binoculars
- Record your observations
- Report sightings on dabasdati.lv
- Keep a safe distance to avoid disturbing the birds
- Do not feed the birds

WHITE-TAILED EAGLE

Haliaeetus albicilla

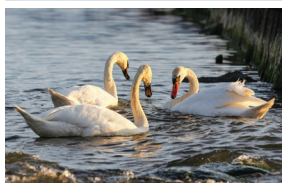

Date
Observation site

COMMON MAGPIE

Pica pica

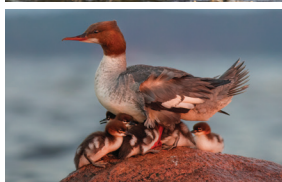

Date
Observation site

MUTE SWAN

Cygnus olor

Date
Observation site

COMMON MERGANSER

Mergus merganser

Date
Observation site

GREAT BLACK-BACKED GULL

Larus marinus

Date
Observation site

EUROPEAN GREENFINCH

Chloris chloris

Date
Observation site

EUROPEAN HERRING GULL

Larus argentatus

Date
Observation site

COMMON GULL

Larus canus

Date
Observation site

GRAYLAG GOOSE

Anser anser

Date
Observation site

NORTHERN LAPWING

Vanellus vanellus

Date
Observation site

WHITE WAGTAIL

Motacilla alba

Date
Observation site

BARN SWALLOW

Hirundo rustica

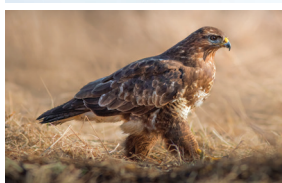

Date
Observation site

EURASIAN SPARROWHAWK

Accipiter nisus

Date
Observation site

COMMON BUZZARD

Buteo buteo

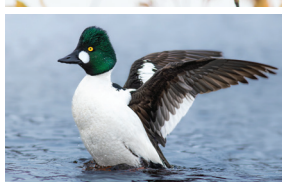

Date
Observation site

GREAT GRAY SHRIKE

Lanius excubitor

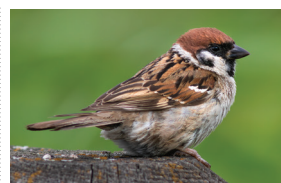

Date
Observation site

COMMON GOLDENEYE

Bucephala clangula

Date
Observation site

EURASIAN TREE SPARROW

Passer montanus

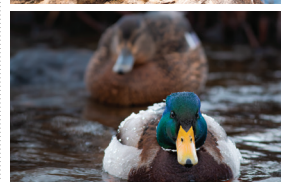

Date
Observation site

GREAT CORMORANT

Phalacrocorax carbo

Date
Observation site

MALLARD

Anas platyrhynchos

Date
Observation site

WHOOPER SWAN

Cygnus cygnus

Date
Observation site

COMMON CHAFFINCH

Fringilla coelebs

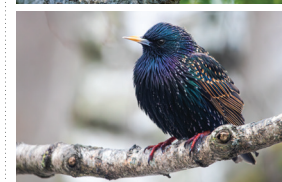

Date
Observation site

COMMON WOOD-PIGEON

Columba palumbus

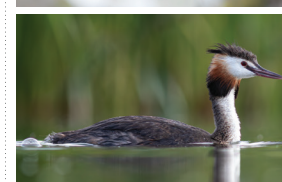

Date
Observation site

EUROPEAN STARLING

Sturnus vulgaris

Date
Observation site

GREAT CRESTED GREBE

Podiceps cristatus

Date
Observation site

BLACK-HEADED GULL
Chroicocephalus ridibundus

Date
Observation site

WESTERN MARSH HARRIER
Circus aeruginosus

Date
Observation site

RED-BACKED SHRIKE
Lanius collurio

Date
Observation site

WESTERN HOUSE-MARTIN
Delichon urbicum

Date
Observation site

EURASIAN COOT
Fulica atra

Date

Observation site

EURASIAN KESTREL
Falco tinnunculus

Date
Observation site

COMMON CRANE
Grus grus

Date
Observation site

SONG THRUSH
Turdus philomelos

Date
Observation site

DUNLIN
Calidris alpina

Date

Observation site

GRAY PARTRIDGE
Perdix perdix

Date
Observation site

EURASIAN COLLARED-DOVE
Streptopelia decaocto

Date
Observation site

EURASIAN OYSTERCATCHER
Haematopus ostralegus

Date
Observation site

OTHER SPECIES ARE ALSO OBSERVED:

Blue tit (*Cyanistes caeruleus*)

Black Tern (*Chlidonias niger*)

Eurasian Wigeon (*Mareca penelope*)

Eurasian Curlew (*Numenius arquata*)

Citrine Wagtail (*Motacilla citreola*)

Montagu's Harrier (*Circus pygargus*)

Corn Crane (*Crex crex*)

European Serin (*Serinus serinus*)

Common Snipe (*Gallinago gallinago*)

Barnacle Goose (*Branta leucopsis*)

Red Crossbill (*Loxia curvirostra*)

Eurasian Bullfinch (*Pyrrhula pyrrhula*)

Eurasian Skylark (*Alauda arvensis*)

Common Redstart (*Phoenicurus phoenicurus*)

Hooded Crow (*Corvus cornix*)

WHITE STORK
Ciconia ciconia

Date
Observation site

EURASIAN HOOPOE
Upupa epops

Date
Observation site

COMMON SWIFT
Apus apus

Date
Observation site

GREAT WHITE EGRET
Ardea alba

Date
Observation site

YELLOWHAMMER
Emberiza citrinella

Date
Observation site

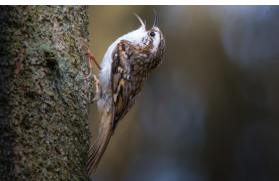

BLACK-BELLIED PLOVER
Pluvialis squatarola

Date
Observation site

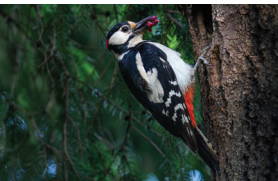

EURASIAN NUTHATCH
Sitta europaea

Date
Observation site

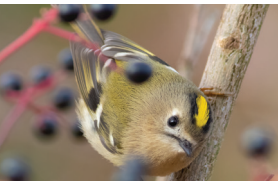

EURASIAN TREECREEPER
Certhia familiaris

Date
Observation site

GREAT SPOTTED WOODPECKER
Dendrocopos major

Date
Observation site

GOLDCREST
Regulus regulus

Date
Observation site

EURASIAN WREN
Troglodytes troglodytes

Date
Observation site

EUROPEAN ROBIN
Erithacus rubecula

Date
Observation site
